

DeAnn Stork

**Controller,
Fresno Irrigation District**

DeAnn Stork has been with the Fresno Irrigation District (FID) since 2006 and currently serves as FID's Controller. She holds a B.S. in Accounting from the Craig School of Business at California State University, Fresno.

As Controller, DeAnn is responsible for the financial health of the District. She plays a key role in developing budgets, working closely with department heads and securing financial management approvals from the FID Board of Directors. She has successfully facilitated annual audits for 18 years, consistently collaborating with auditors to achieve clean reports each year. In addition to preparing monthly financial statements and reports for the Board, DeAnn optimizes processes both within the Accounting Department and across the District. She also transformed FID's investment strategy, shifting from low-interest money market funds to fixed assets and other investments, which has generated millions of dollars for the District during her tenure.

Before joining FID, DeAnn worked as the Controller for a decorative concrete manufacturer in Madera and held roles with various certified public accounting firms throughout California for over 23 years.

DeAnn loves spending time outdoors with her husband, and their dogs, enjoying activities like camping, hiking, and swimming.
