

David Burrow

**Watermaster,
Fresno Irrigation District**

In January 2022, David Burrow assumed the role of Watermaster for the Fresno Irrigation District (FID) after previously serving as a Water System Operator, Safety Manager, and Assistant Watermaster. David began his career at the District in December 1990 and has dedicated over 32 years of service.

As FID's Watermaster, David oversees the District's water distribution network. He is responsible for tracking water allocations, monitoring usage, and coordinating deliveries to FID's growers. David manages data from the Kings River Water Association, Friant Water Authority, and other sources to optimize the District's water supply and ensure that entitlements are fully utilized. His role is crucial in balancing resource availability with growers' needs while maximizing water efficiency across the District.

Before joining FID, David served as a firefighter for the California Department of Forestry and Fire Protection.

In his spare time, David enjoys spending time outdoors fishing.
